

The new Committee, which looks suspiciously like the old one. The only change was Arthur Marrow who regrettably retired, having relocated to Clevedon, but we are pleased to welcome Jon Martin instead.

Front row, left to right: Barbara Davis, Peter Golding, Barry Goldring

Back row, left to right: Jim Greatrix, Jon Martin, Peter Gibson, Trish Mills, Ann Jones.

Water Divining Workshop

Saturday 22nd May

Peter Golding and Aaron Bray*

This is a two-part Water Divining Workshop, in conjunction with the British Society of Dowsers' Water & Site Dowsing Group (WSDG).

The morning session will be run just like one of our normal meetings, open to all, (usual entry fees apply). Peter Golding will speak about water divining and Aaron

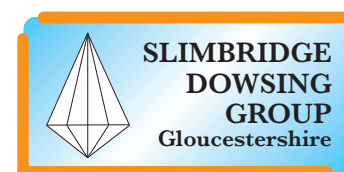

Bray of Devon Dowsers, and owner of his own drilling company, will be talking about the drilling process.

In the afternoon, fee-paying WSDG members will continue, and SDG members are welcome to join them (£10 subscription to WSDG funds, please), when there will be more practical involvement and exercises. We hope to visit the borehole sites at Slimbridge Farm and Hurst Farm before ending at 4:30 p.m.

Forthcoming Programme

Wow, have we got an exciting new programme for you! And some of the talks are so interesting, we thought you'd like extra information beforehand.

We've also managed to save a corner for a photo of the new Committee, which looks suspiciously like the old one!

Rediscovering Avebury Henge

On Saturday 27th February 2010

Maria Wheatley will give a talk about Avebury, one of the largest stone circles in the world. Co-author with Busty Taylor of *Avebury – Sun, Moon and Earth*, Maria has rediscovered several long-lost astronomical alignments, unnoticed for 4,500 years. The celestial alignments were skilfully integrated into the megalithic architecture creating one of the most unusual alignments in Northern Europe.

Using sensitive electromagnetic detecting equipment, the frequency of certain energy lines was determined, as well as proving the existence of megalithic energy transmitted by the standing stones.

Knowledge of earth energies was handed down to medieval Masons and Knights Templar who secretly integrated lines of force into their holy constructs. Many churches around Avebury have power points and we shall see how these influence the aura.

Join the authors on a photographic journey across Avebury's landscape and rediscover this enigmatic power centre.

Dowsing the Three Perpetual Choirs of Britain

Thursday 13th May 2010

It wasn't until author John Gibson-Forty received a telephone call in 1999 from a professional French Horn player, that he had even heard of the Celtic phenomenon known as the Three Perpetual Choirs of Britain.

Believed to comprise 2,400 monks or saints, the Choirs' role was to chant perpetually on a rolling rota basis, 100 at a time, night and day, in order to maintain the ongoing enchantment of Britain.

Initially unaware that this would lead to a better understanding and insight of the interconnectness of all things, John has devoted ten years to intensive research, three and a half years of which he spent dowsing the lines of the Decagon (a 10-sided, 10-pointed figure), not as they are in the present day but how they were 2,000 years ago. At 130 miles across, covering 22 counties and 14,000 square miles, that's a lot of dowsing!

Future meetings - come early!

You are invited to come a little bit early for meetings in future, partly to allow for more socialising over the teacups at the beginning, but also partly so that speakers can make a prompt start, and we will have time for some dowsing training afterwards.

So on Thursdays you're welcome to come along at 1.45 for 2.00 pm and on Saturdays at 10.15 for 10.30 am.

Slimbridge Dowsing Group Programme January to May 2010

Thursday 14th January **Acupuncture**

Dr Fiona Firth*

An alternative therapy once regarded with deep suspicion by us Brits, this Chinese skill is around 5,000 years old and now available on the NHS. It's taken us a while to catch on but now we love it.

Beverley Casey Power

Saturday 30th January

Crystal Healing

Beverley Casey Power*

Crystal healing works by placing crystals of the appropriate colour and energy on the corresponding Chakras. This will cleanse and energize and can help mental, emotional and physical conditions.

Thursday 11th February
**Medicinal Herbs and
Other Weeds** Ben Stiles*

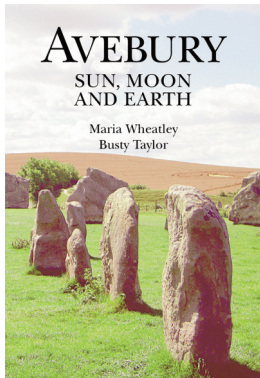

The clue is in the title. Ben Stiles is a genuine country jewel, and really knows her stuff. Come along to learn and to be entertained. Any questions, pass to Committee by 30 January, see above.

Ben Stiles and Ann Jones

Saturday 27th February

Rediscovering Avebury Henge

Maria Wheatley*

Maria Wheatley and Busty Taylor, co-authors of Avebury - Sun, Moon and Earth, have rediscovered several long-lost astronomical alignments which have been unnoticed for 4500 years. See front page for more details.

Thursday 11th March
**Herbal Medicine
and the Heart Field**

Nathan Hughes*

Continuing our theme of herbal healing, Nathan brings new insights from his Clinic at Ruskin Mill, Nailsworth. The Ruskin Apothecary uses dowsing rods to amplify what the heart knows.

Nathan Hughes
the Ruskin Apothecary

Unless otherwise stated, Meetings take place in Slimbridge Village Hall on Saturdays at 10.15 for 10.30 am and Thursdays at 1.45 for 2.00 pm.

Thursday 27th March

How to locate and eliminate shocks and traumas Sylvie Lenoir*

*This speaker is new to us and comes highly recommended. Please bring your pendulum and a bottle of water to drink, as it is important to keep hydrated when dowsing. **NB This week only, in the Royal British Legion Club, Slimbridge.***

Thursday 8th April

Basic Archaeological Dowsing

Barry Goldring

Basic archaeological dowsing for beginners, and a refresher course for those with some experience. Barry does archeological dowsing for the National Trust and is a meticulous surveyor. Come along, learn a lot.

Saturday 24th April

Practical Archaeological Dowsing

Peter Gibson

Come and put into practice what you learned at the previous meeting. Peter Gibson lives in Shepherds Patch and takes us to his favourite field-next-door to lead us in our search for a Roman site.

John Gibson-Forty.
See front page for details.

Thursday 13th May
**Dowsing the
Three Perpetual Choirs
of Britain**

John Gibson-Forty*

John Gibson-Forty is in hot demand on the Dowsing Group circuit, talking about his discoveries and dowsing adventures. His extended research demonstrates the interconnectedness, hidden meanings and symbolism, the coincidence and the duality, of just about everything

Aaron Bray, dowser and driller.

Saturday 22nd May

Two-part Water Divining Workshop

Peter Golding and Aaron Bray*

Two-Part Water Divining Workshop in conjunction with the BSD's Water & Site Dowsing Group (WSDG) with Peter Golding and Aaron Bray. See back page for more details.
